

## CIVIL CASE IS AFTERMATH OF BISBEE ATTACK

Woman Convicted Attempt  
To Kill in Bisbee Creates  
Scene in Court

TOMBSTONE, July 5. — What might be termed an echo of the Ernie James case, which excited so much interest throughout Cochise county a few years ago, was held in the superior court in Tombstone today, when a suit of John Hughes vs. Mrs. Ernie Hughes, was heard before Judge Lockwood. Hughes is suing Mrs. James to quiet title to certain property in Bisbee, in which she claims a community interest and Hughes is contesting the title.

Although the present suit has no connection with the case, which occurred over two years ago, the facts and incidents are recalled as closely allied. It will be remembered that Hughes took the witness stand in behalf of Mrs. James who was charged with shooting at Mary Hughes, daughter of Hughes, while she was at work in a Bisbee store. The bullet missed and she was arrested and brought to trial for attempt to murder. Hughes, abandoning his daughter for Mrs. James, took the stand in her behalf and testified to many things in her favor and against his daughter and wife. So incensed were the jury that they returned a verdict of guilty and in a signed statement addressed to the court they scored most severely Hughes' conduct and attitude.

The incident created much indignation about the county and especially in Bisbee, where the participants had resided for years. Hughes' wife later secured a divorce from him and Mrs. James, the plaintiff against Hughes today, went to the state penitentiary with a 5 to 10 year sentence hanging over her. She was paroled a short time afterwards and married another man, and later divorced him retaining here former name, Mrs. Ernie James. Following this, she filed claim against Hughes for partial interest in property owned by Hughes in Bisbee, which she claimed to be community property. It had been claimed by the Hughes family that he and the James woman had lived together before the shooting and the present suit is in a way substantiation of the facts brought out in the trial of Mrs. James for attempt to shoot Mary Hughes according to those who have followed the case.

The present suit is being heard before Judge Lockwood and will be completed today.

When Hughes entered the court room this morning following the beginning of the trial, Mrs. James went into hysterics, crying out that she "went to the penitentiary for that man," and it was some time before she could be quieted by the court attendants. Hughes remained silent during the proceedings.

## Jonhson and Wood To Help Harding In G. O. P. Drive

(Associated Press Feature Wire)  
CHICAGO, July 6. — Republican chieftains, gathered here today to formulate plans for the coming presidential election, appeared undisturbed by the Democratic choice of a nominee from the home state of their candidate.

After arrival of Chairman William Hays today, work was begun on mapping out the campaign. A series of conferences is being arranged. Chairman Hays refused to discuss the nomination of Governor Cox. Instead he confined himself to laudation to the personal qualities of Senator Harding.

The first decision announced was that Senator Harding would remain in Ohio during most of the campaign. The Ohio "front porch" plan will be emphasized more than ever it was said, and while an endeavor will be made to satisfy local pride of other sections by spreading the word that the senator will "listen to reason."

Much satisfaction was expressed about the headquarters in Chicago that General Wood and Senator Johnson were to follow the course set by Governor Lowden in supporting Senator Harding.

Party leaders here for conference include Jos. B. Keating, Indiana; Lawrence Y. Sherman, Illinois; Willis Cook, South Dakota; John T. Adams, Iowa; Elmer Dover, Washington; Jacob L. Babler, Missouri; A. T. Hart, Kentucky; David Mulvane, Kansas; R. B. Howell, Nebraska; I. A. Caswell, Minnesota; Fred K. Warner, Michigan; and Harry M. Daugherty, Harding's campaign manager before the convention.

## FIRE SWEEPS CITY

OCONOMOWOC, Wis., July 6. — Five, which for a time threatened the entire town, today caused a loss of \$75,000 in the downtown district.

After a four-hour fight the flames were brought under control with the aid of the Waukesha and other nearby fire departments. The blaze started in the yards of the Oconomowoc Lumber Company which were destroyed, as were a wagon works, two garages and several smaller buildings.

## A KISS FOR A DATE!

TUNIS, Algeria — 'Tis plain to be seen the ways of the east, and west differ. In the U. S. A. they make a "date" to kiss and here the camel kisses for a date. Arab camel herders, says captain Merl LaVoy, of the American Red Cross, who made the picture, teach their steeds many antics. This driver holds a handful of dates. He makes the camel kiss him before receiving each date.

## Let Contract For Section E Of Vail Road

TOMBSTONE, July 5. — At the meeting of the board of supervisors this morning, H. M. Eckerman and J. S. Chambers of Tombstone were awarded the contract for the grading and surfacing and cement and bridge work on the whole of Section E of the Benson-Vail highway.

Bids were opened last week, on the 28th, only two contractors submitting bids, the local contractors for the entire sections, and another contractor of San Diego for only a few of the easier sections.

The bids were submitted to Thos. Maddock, state engineer for comparison with his estimates and his approval of the bids of the local men was received today by the board, who in turn approved the contract and notified the local contractors of their acceptance.

The total amount of the local contractors' bid is \$44,370.40, and they announced today they will begin work at once and promise completion within six months' time, barring unfavorable weather conditions.

Work on the other sections on to Vail is progressing rapidly and will be completed by the time the local men finished their contract. When completed the highway will shorten the route to Tucson via Benson by over 10 miles.

## Fast Contests in Cowboy Sports at Light Celebration

The Sulphur Spring valley has several new champions in the realm of cowboy sports as the result of the celebration held at Light settlement Monday. A crowd estimated at 1000 persons witnessed the sport program put on by Lee McCombs and "Cheyenne."

Following are the results of the various contests:

Cow pony race: Fred Price, first; Frank Price, second.  
Free-for-all horse race: Caleb Wolfe first; Clarence DeLaney, second.  
Relay race: Ike Price, first; Will Price, second.

Calf roping contest: R. R. Giles, first, time 20-25 seconds; Al Stedman, second, time 27-25 seconds; Lee McCombs, third, time 28 seconds.  
Bronco riding contest: Jim Walker first; Martin Walker, second; Ray Adeock, third.  
Ladies' Pony Race: Miss Elliott, first.

Burro roping contest: Ike Price, first; Martin Walker, second.

## Border Men Win in Trials for Olympic

(Associated Press Leased Wire)  
ST. LOUIS, July 6. — The army athletic championship meet, which started here last Friday was concluded today with the presentation of medals and trophies to the winners of the various events at a military ceremony at Jefferson Barracks. The awards were made by Brigadier General E. F. McClatchin, Jr., commanding the seventh division.

The tug of war, the final event on the program, went to the southern department, winner of the track and field championship, which defeated the central department.

More than 60 men in the meet qualified for the Olympic trial finals, a number who failed to win firsts being entered on account of the showing made.

Dr. A. J. Douthitt, accompanied by Dr. William Patrick, has been called to Douglas and will return Friday.

## GEDDES GIVES LONDON SWORD TO PERSHING

Ambassador to Britain Says  
Englishmen Think Colonies  
Were Right

WASHINGTON, July 5. — Great Britain does not forget those who prove themselves its friends in the hour of need, Sir Auckland Geddes, British ambassador to the United States, told General Pershing today in presenting him a bejeweled sword as a gift of the City of London. The presentation was made at the British embassy before a distinguished company.

Commenting on the celebration today of America's independence "wring from an autocratic government by the spirit of individual freedom as in many lands," Sir Auckland recalled in those days, "there were many on both sides of the Atlantic who thought the action of the framers of your constitution right."

"There is none now, I believe, on either side of the Atlantic," he said, "who does not think that they were right. Though neither you nor we are all of English stock, the memories of Runnymede are a possession of all your people as they are a living memorial, and possession of all the British people."

General Pershing accepted the sword "in the name of the men of America, who wish the men of Great Britain and our other allies, combined the courage and the skill that brought a new victory to our race and to all those who seek justice and liberty for mankind."

## "Ted" Krigbaum Out for Recorder

"Ted" Krigbaum, son of James Krigbaum of this city and a pioneer resident of southern Arizona, has announced his candidacy for the office of county recorder, subject to the action of the Democratic primaries on September 7.

The candidate is one of the best known young men in Cochise county. He is practically a native of Arizona, having spent all of his life in Bisbee or in Tombstone with the exception of the period he spent in college and the 21 months he was with the armed forces of the United States during the war.

A graduate of Bisbee high school Krigbaum supplemented his local school course with two years in the Kansas agricultural college at Manhattan, Kansas. In 1917 he went into the army and spent 21 months with the colors. Eleven months of this time he was overseas. He served with the 34th field artillery, 89th division, and saw much active service on the American front in France.

## PROFESSOR HUBBARD ILL

H. A. Hubbard, professor of historical and social science at the University of Arizona, who was to have had charge of that course here in the summer school, is ill with typhoid fever and will be unable to take the class. Mr. P. M. Bogan will take his place.

## Many School Children Are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children for use throughout the season. They break up colds. Relieve Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. Used by mothers for over 30 years. THESE POWDERS GIVE SATISFACTION. All Drug stores. Don't accept any substitute.

## Railroad Freights Will Be Based on Labor Board Award

(CONTINUED FROM PAGE ONE)

professional organization of teachers. \* \* \* We believe just as sincerely that the professional organizations of teachers should not affiliate with any other body. We know of no surer way to destroy confidence in the American public school system and in our profession than for our great body of teachers to organize themselves in affiliation with any church, party or group whose aims and purposes are peculiar to the members of the group. Whatever may be our judgment with regard to the legitimacy of organized labor, teachers as a unit cannot federate with labor for realization of their aims and at the same time hope to keep the confidence of the whole people. \* \* \* We must forever refuse to become affiliated as a professional unit with any religious, political or economical group. Progress in the direction of American ideals lies not in the direction of the soviet but rather in the co-operation of all of us for the public good."

The report proposed formation of a legislative committee to work in Washington for passage of the Smith-Towner bill.

P. P. Claxon, United States commissioner of education in an address at today's general session, declared one need of the schools of the country was assurance of permanently higher salaries. Salaries of the same relative purchasing power as those paid before the war, he said, would assure the services of only a makeshift class of teachers. He declared teachers' salaries must be placed on such a plane as to make it worth while for young men and women to expend considerable sums in fitting themselves for a life work in education.

If shippers' computations are correct, Mr. Thorne contended, an advance of 55 1/2 per cent on freight would take care of the present necessity and reduce the burden in freight traffic by \$386,000,000 annually.

## Transport Grounds On Northern Coast

(Associated Press Leased Wire)

SEATTLE, Wash., July 6. — The United States coast guard cutter Snohomish and customs house lighters tonight were reported to be standing by the army transport South Bend which grounded off the mouth of the Elwha river early today while trying to make Port Angel's harbor in a fog. It was expected she would be floated at high tide. Wireless reports said the vessel, enroute from San Francisco to Seward, Alaska, with men and supplies, was in no danger.
